# Introducing Salwa Food Products

## Premium Selection

At Dar Almahi Trading, we offer a distinguished range of high-quality food products under our esteemed Salwa brand, featuring diverse varieties of rice, legumes, and lentils.

**Indian Sella Basmati**

## Exceptional Quality

Each Salwa product is renowned for its exceptional aroma, rich taste, and superior quality, bringing wholesome, flavorful ingredients to every kitchen.

**Indian Sella Golden Basmati**

## Premium Selection

Salwa brand represents more than just food—it's a promise of purity, flavor, and trust in every grain. From farm to table, we blend tradition with quality to deliver products that nourish and inspire.

**Indian Steam Basmati**

---

# Premium Rice Selection

We take pride in our carefully selected finest varieties of Indian Basmati Rice, each chosen to enhance the aroma and flavor of every meal. Our extensive collection features over 24 varieties of both Basmati and Non-Basmati rice, catering to diverse culinary preferences across the GCC.

Understanding the varied needs of our clients, we offer a wide range of packaging sizes tailored to meet both commercial requirements and consumer convenience. From bulk packaging for industrial kitchens to consumer-friendly sizes for retail distribution, our flexible packaging solutions ensure optimal freshness and ease of use.

**With a commitment to quality and customer satisfaction, we strive to deliver excellence in every grain, making us a trusted choice across the region.**

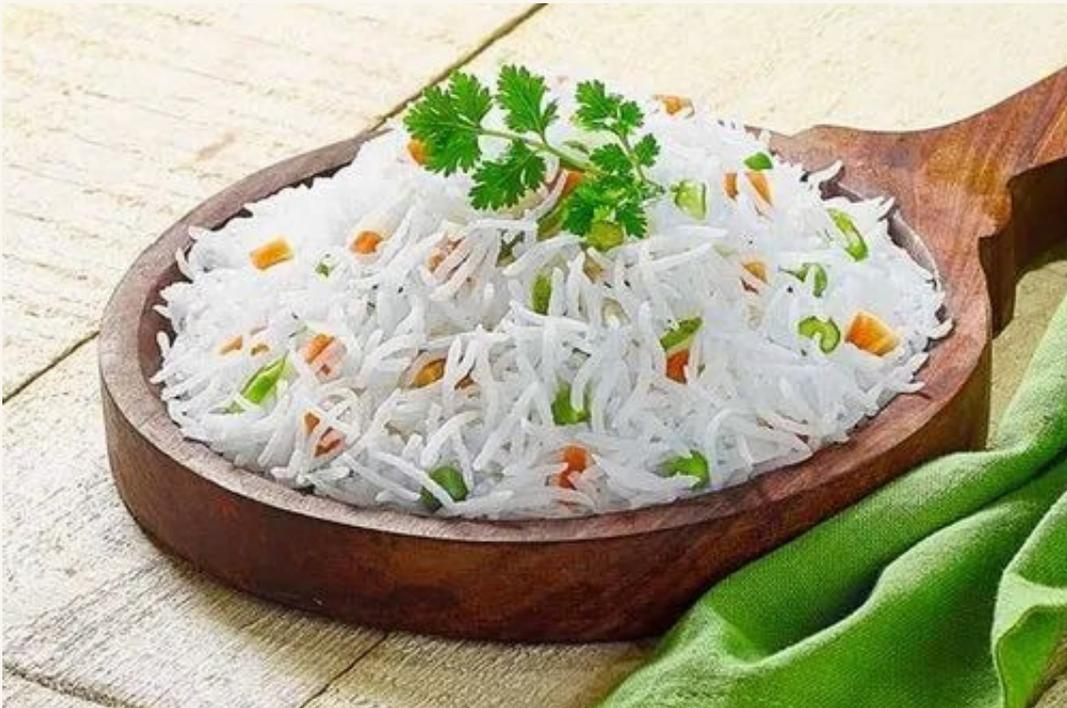

# Exquisite Steam Rice

## Distinctive Qualities

Steam Rice is distinguished by its captivating nutty and floral aroma that enhances the dining experience. Its signature nonsticky texture ensures the grains remain separate and fluffy after cooking, creating a light and pleasing mouthfeel that makes it versatile for various rice-based dishes.

## Perfect Preparation

For optimal results, soak Steam Rice for 20-30 minutes before cooking to promote even cooking and achieve the desired texture. Whether using a traditional pot or rice cooker, the steaming process brings out its delicate flavor profile with subtle sweetness, making it an excellent accompaniment to a wide array of dishes.

**Our Steam Rice offers not just exceptional taste but also versatility in culinary applications. The delicate flavor profile allows it to complement strong flavors without overpowering them, while its consistent cooking properties make it a favorite among professional chefs and home cooks alike.**

---

# Sella Basmati Rice - Elegance in Every Grain

- **Distinctive Features**

Long, slender grains that elongate further when cooked

- **Versatile Applications**

Perfect for Biryanis, Pulaos, and rice delicacies

- **Signature Aroma**

Captivating fragrance and nutty flavor profile

- **Chef's Choice**

Favored by top-tier hotels and commercial caterers

At Dar Almahi, we are proud to offer premium Sella Basmati Rice to our valued customers across the GCC. Renowned worldwide for its rich taste, captivating aroma, and fluffy, non-sticky texture, this exceptional rice reflects our unwavering commitment to quality and purity in every grain.

---

# Quality Assurance & Processing

## Meticulous Harvesting

Our rice begins its journey with careful harvesting at optimal maturity to ensure maximum flavor and nutritional value. We work exclusively with trusted farmers who follow sustainable agricultural practices.

## Expert Processing

Once harvested, the rice undergoes a precise processing procedure involving steam and parboiling techniques, followed by drying to perfection. This process preserves nutritional integrity while enhancing shelf life.

## Rigorous Quality Control

Our team of professionals inspects every batch of rice to ensure it meets our stringent quality standards. We prioritize rice grown without dangerous chemical compounds or pesticides, delivering pure and wholesome products.

**At Salwa Foods, quality is our topmost priority. Our comprehensive quality assurance process ensures that only the finest grains make it to your table, maintaining consistency in taste, texture, and purity with every package.**

---

# Understanding Lentils & Legumes

## What Are Legumes?

Legumes are edible seeds found in the pods of the Leguminosae family of plants. Available in various colors, they're sold dried or canned, and sometimes ground into flour for diverse culinary applications.

- Packed with protein and dietary fiber
- Rich in complex carbohydrates and antioxidants

## Lentils: The Lens-Shaped Superfood

Named after the Latin word "lens" due to their distinctive shape, lentils are a prominent member of the legume family. They've been consumed for centuries across various cuisines worldwide.

- Cousins to beans, peas, and peanuts
- Originated in the Near East

## Culinary Versatility

Lentils are incredibly versatile in cooking, forming the foundation of numerous beloved dishes across global cuisines. Their ability to absorb flavors makes them ideal for various preparations.

- Essential ingredient in Indian Dal
- Perfect for hearty soups and stews

# Superior Edible Oils for Culinary Excellence

## Premium Varieties

Our selection includes high-quality sunflower oil, palm olein, and other popular varieties, each carefully selected for optimal culinary performance.

## High Smoke Point

Ideal for frying and high-temperature cooking applications, our oils maintain stability and prevent unwanted flavor transfer.

## Freshness Guaranteed

Sourced from reputable producers and packaged to preserve purity, our oils deliver consistent freshness and quality with every use.

## Culinary Versatility

Perfect for professional kitchens and food manufacturers, offering reliable performance for frying, cooking, and food processing applications.

# Premium Sugar Solutions

## Exceptional Purity

Refined to meet the highest quality standards

## State-of-the-Art Processing

Modern facilities with stringent quality controls

## Consistent Performance

Uniform texture and excellent solubility

## Reliable Supply Chain

Uninterrupted delivery for operational efficiency

At DMC, we are dedicated to providing premium-quality sugar tailored to meet the diverse demands of our clients across the foodservice, industrial, and retail sectors throughout the GCC. Our refined white sugar is sourced from reputable producers and processed under strict quality control measures to ensure consistent excellence.
